## Convay Unifies Educational Collaboration

Connect institutions for shared learning and research

### Virtual Classrooms & Hybrid Learning

Run online and hybrid classes with secure video meetings and in-session chat.

### Large Academic Events

Host orientation sessions, convocations, and conferences with multiple presenters and controlled participation.

### Class Recording & Notes for Students

Support students with recorded sessions, class notes, and transcripts so learning stays accessible and organized.

### Research Collaboration & Supervision

Support students with recordings, notes, and transcripts for clearer follow-up and easier review.

### Group Work & Project Collaboration

Support student teams with chat, whiteboard, file sharing, and breakout rooms for group work and project updates.

### Training Program & Transcripts

Run training and professional development sessions with transcripts and participation records.

## For Teaching, Research, and Coordination

Convay brings teaching, research collaboration, and institutional coordination together for universities and research institutions working across campuses and networks.
